R23: (2sc, 1dec)x6 (18)

Leave a long strand to join the body and fill.

<https://youtu.be/UBElfZgyS34?t=1019>

When making the union you must make sure to place everything in the correct position, the back of the head will be where we make the most increases, where it has the most volume and use the same strand of the head for the union (watch the video for greater understanding).
